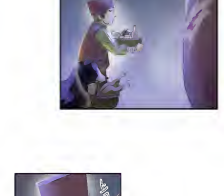
Do not upload my projects to online manga readers.
My projects must remain free of profits.

Mom told me not to approach it
He is dirty and smells bad.
The children no longer play with you.
And Dowa has been too busy hanging out with girls of her age.



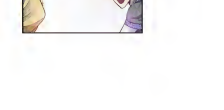
If only I had kept my mouth shut at that time, you wouldn't have come back here...
I don't know ... I don't know why people are behaving like this..

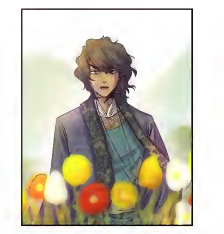
People..., they aren't grateful anymore. Not only that they are starting to treat you worse and worse as days go by.
They are taking you and your service for granted and are starting to want more.

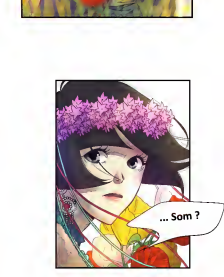
I...

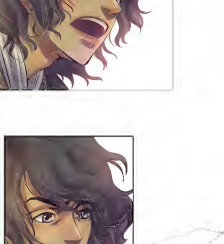
Promised Dawa

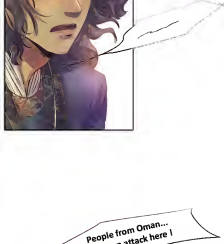
That I'd build that thing for her.

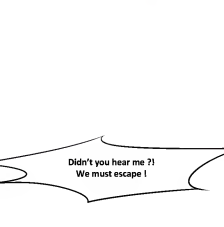












와아아아아아

와아아아아

와아아아아

What are you saying ?!
Are you crazy ?!
They are going to attack us ?!

Why would they attack us ?!
Tell me !!!

That is not important right now. We must get out of here before they get here.

I had to lie to sneak out. No one knows not even Mr. Rangma.

I have to stop them !

No, Dawa ! You cannot possibility stop them Alone ! It will be too dangerous !

Let me go ! If I cannot stop them, at least I must let others know and escape.

Wait ...

Did you ... know this? For how long ?

... There was nothing I could do.

Dawa !

It will be too dangerous !

What? What are you doing ?!

What's wrong with him ?!

You made it ! Now what ?!

Get off !

What now ?

Not sure. We can't pass as long as he's there for sure though.

We ....

We don't need you anymore !!!

Get out !

Get out of our town !

Join them.

Throw rocks at him.

OUT !!!
